

### Printing Your 24-Month MainPro+ CPD History

To print the last 24-months of your continuing professional development (CPD) history from your College of Family Physicians of Canada (CFPC) Mainpro+ account, you must print two separate reports as follows:

- a) Historical Cycle Report. This report contains the complete history of your CPD. Please print just the pages that represent your CPD activities for the past 24 months.
- b) My Transcript of CPD Activities. This report allows you to select a date range for the report. Please download and print your 24 months of CPD activity.

*Note: You have to print both reports to capture credits recorded in previous versions of Mainpro.*

If you require assistance downloading and printing your reports, please visit the CFPC website or contact the CFPC Mainpro+ coordinators at:

Phone: 1-800-387-6197 x560
