If you hold the College of Family Physicians (CFPC) added competence in Emergency Medicine, an original or original notarized copy of your certification is required for your application. This can be provided in one of the following ways:

- Provide an original copy of your CCFP (EM) certificate certified by a notary public or commissioner of oaths; or
- Present the original certificate in this office. A photocopy will be made at that time; or
- If you have recently completed postgraduate training and passed the certification examination of the CFPC(EM) but have not yet received formal confirmation of your certification, the CFPC provides the College with a list of newly certified physicians. This direct communication to the College will be acceptable for your application, but it **remains your responsibility** to check with the CFPC to ensure that confirmation of your certification has been sent to this College.
