

## Restricted licence - Emergency

<b>SECTION</b>	Registration		
<b>APPLICABLE LEGISLATION</b>	Issued as a Restricted licence under the authority granted by Section 59 of the Medical Practitioners Regulations		
<b>Approved by:</b> Deputy Registrar	<b>Approval Date:</b> April 15, 2024	<b>Reviewer:</b> Deputy Registrar	<b>Review Date:</b> April 2027

### PREAMBLE

A Restricted licence falls under the Conditional Register and is defined in the Medical Practitioners Regulations under Section 59.

### PURPOSE

This policy describes the criteria to obtain a ‘Restricted licence – Emergency’.

### SCOPE

This policy applies to candidates applying for licensure in Nova Scotia who hold an independent licence in another Canadian jurisdiction, or elsewhere at the Registrar’s discretion, and for whom there is an identified urgent need for their services in Nova Scotia.

### POLICY

The College of Physicians and Surgeons of Nova Scotia (the College) may act upon this policy allowing Restricted licensure in the following emergent circumstances:

- When there is a declared state of emergency (e.g. pandemic, natural disaster or act of terrorism) and there is a need identified that cannot be met by a physician or physicians currently licensed in Nova Scotia **OR**
- When there is an urgent or emergent need identified in the province that can best be met by licensing a physician from out of province or elsewhere at the Registrar’s discretion.

### Requirements

The Registrar will review applications for a Restricted licence – Emergency on a case-by-case basis when there is a demonstrated urgent or emergent need for medical services.

The physician must:

- Hold a licence for independent medical practice in Canada or elsewhere at the Registrar’s discretion; and
- Complete the application as prescribed by the Registrar.

### Duration

The duration of licensure will be determined by the Registrar and will not extend beyond December 31st of the year of application. A request for re-application must be completed each year.

**Restriction on licensure**

The physician will be restricted to the need(s) identified in the province for which they will be providing services.
