Dear Applicant:

Enclosed is an application package for a **Postgraduate Practising Licence** for internal moonlighting. It allows postgraduate trainees during their residency training to provide medical coverage in their free time in the tertiary care teaching hospitals in Halifax. It is intended that the postgraduate trainees will be supervised in the same fashion as they are during their residency training. It is recognized that moonlighting is outside the scope of an education licence.

This package is designed for postgraduate trainees who:

- are currently registered in a training program at Dalhousie University;
- are in at least their second year of postgraduate training;
- hold the LMCC or an acceptable alternative to the LMCC;
- have the support of their program director to moonlight.

Please read the College's policy regarding Postgraduate Practise for internal moonlighting, complete the application in full and return it to the College, along with the documentation listed on the application. Please note that you must sign the declaration at the bottom of the application indicating you have read the College's policy **Postgraduate Practising Licence - Internal Moonlighting**. Confirmation of supervision can be sent directly to this office by your supervisor.

It is your responsibility to complete all the application requirements. Failure to do so could result in a delay in obtaining a Postgraduate Practising Licence which is required prior to moonlighting in Nova Scotia. Once your application is complete, please allow sufficient time for processing by the Registration Department. The Registration Department is unable to guarantee any applicant that he/she will be issued a licence by a particular date.

You cannot begin moonlighting until you have received confirmation from this office that you have been issued a licence to moonlight. Notification will be sent to you via the email address you have supplied on the application form.

Any queries regarding resident moonlighting should be directed to the Registration Department of the College of Physicians and Surgeons of Nova Scotia.

Regards,

Registration Department

START DATE STOP DATE

THE FOLLOWING DOCUMENTATION MUST BE RECEIVED BY THE COLLEGE'S REGISTRATION DEPARTMENT PRIOR TO A LICENCE BEING GRANTED:

Your Programme Director's approval and endorsement for a Postgraduate Practising Licence (must indicate the date and location of moonlighting)

Evidence of Canadian Medical Protective Associate (CMPA) for providing **locum tenens** [CMPA Code 14 - Residents with Moonlighting]

Photocopy of your medical diploma/degree (if not already on file)

Photocopy of your LMCC registration certificate or other acceptable examination (if not already on file)

Confirmation of supervision from Department Head (or designate) for department where the moonlighting will be performed (using the enclosed supervision agreement form)

Registration Fee [payable once per academic year] - PLEASE REFER TO CPSNS FEE SCHEDULE

Note: It is the responsibility of the postgraduate trainee to obtain privileges with Nova Scotia Health (NSH) or the Izaak Walton Killam (IWK) Health Centre.

This will confirm that I have read the policy regarding a Postgraduate Practising Licence for internal moonlighting and that I understand that I must receive confirmation from the College of Physicians and Surgeons of Nova Scotia that the licence is in place prior to starting any moonlighting/locum work.
